We are one of the leading supplier in the industry supplying product by the brand name Anu Colour. Anupam Colours & Chemicals Industries, established in the year 1977, is known for manufacturing, supplying, trading, importing and exporting a wide range of the finest grade of Colors & Inorganic Pigments. We hold expertise in offering **Strontium Chromate Pigment** to our valuable customers. The offered chemical is widely used in processing of optimum quality anti-corrosive paint. To ensure the high grade purity and effectiveness of the processed compound, the raw ingredient is procured from the trusted vendor. The quality controllers keep strict supervision over entire processing processes, to ensure that these processes are carried in compliance with industry set standards. ANCOR SR-95 is an Anti-Corrosive Pigment used to manufacture Anti-Corrosive Primer paint systems. It is bright yellow in colour. This pigment liberates Chromate ions that passivate the metal. This pigment is mainly used for Coil Coatings. It is recommended in Water-dip primers, Epoxy Primers used for steel, aluminium (Venetian blinds, Coils) and magnesium (Aircrafts).
